Pupil Dashboard

When you log into your pupil account on Boost, you'll first see your dashboard:

You will find quick links to the different areas of the platform. You can navigate to these from the main screen or using the sidebar. The sidebar appears on all

Boost pages and allows the learner to navigate to the different areas of the platform no matter where they are.

Quick links from the home dashboard and sidebar:

- My Tasks: This takes them to the tasks that have been allocated to them.
- My Rewards: This takes them to any rewards they have earned through completing Knowledge Tests.

How to change a character?

Click on the character where it says 'Hi [name]'. You will get a pop-up menu with all available characters. You can view them all or filter by people, animals or robots.

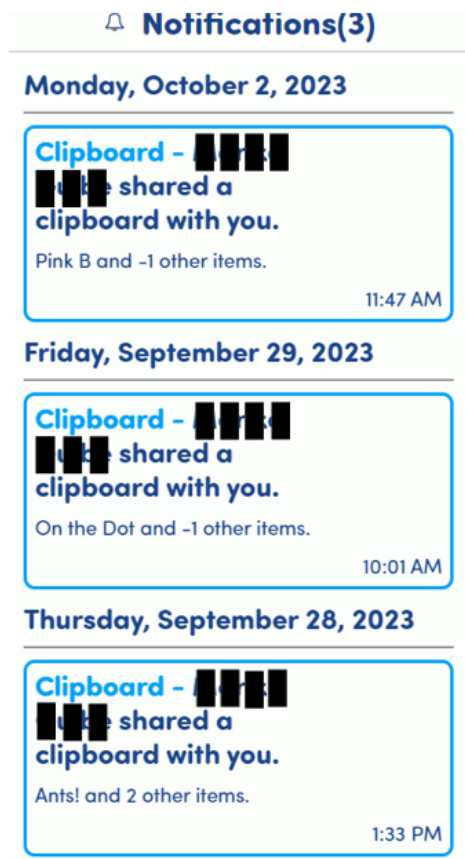

Pupil notifications

Your notifications can be accessed by clicking on 'Notifications' in the top right-hand corner.

If you have unread notifications, the number of notifications will appear in red:

The notifications include when a teacher has assigned something to you. If there's a due date listed, it will appear here, as well in your 'Subjects/My Work' section:

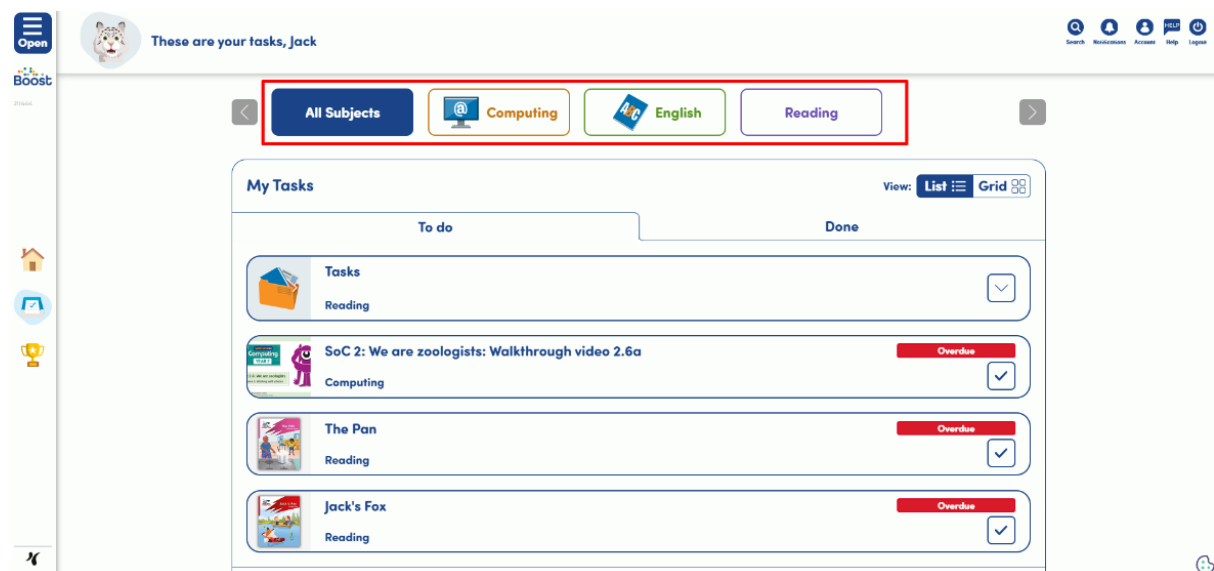

You'll also receive a notification on the day an item is due, if you haven't already submitted it:

How to access the tasks you have been allocated?

The learner can access the tasks, including Reading Planet e-readers that they have been allocated by selecting **'My Tasks'** either on the main dashboard or the sidebar. This takes them to the Tasks dashboard.

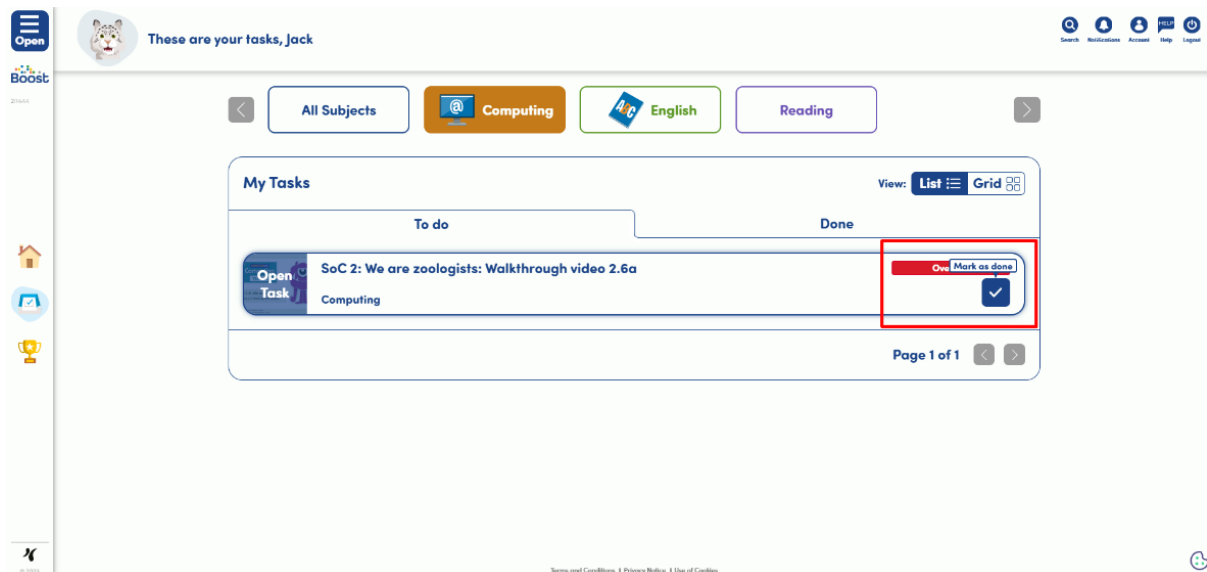

You can filter tasks by subject - for example 'Reading', 'English', 'Computing'.

The 'My Tasks' section is organised in 'To do' and 'Done' - once knowledge tests are completed, or Reading Planet eBooks finished the tasks will automatically move to 'Done', for other tasks the learner needs to check 'Mark as done'. When tasks have been shared as a group of tasks, they will all need to be completed

before moving to 'Done' although it will say 'Done' with the date by the individual resource.

Individual tasks or groups of tasks will appear for the pupil, depending on whether they have been shared as an individual resource, or a group of resources from the clipboard.

- To access a group of tasks, or eBook readers, learners will need to select 'View tasks'. This then expands to show all the resources which have been allocated.

Tasks Reading

Tasks Reading

- To open a task, select 'Open Task'.

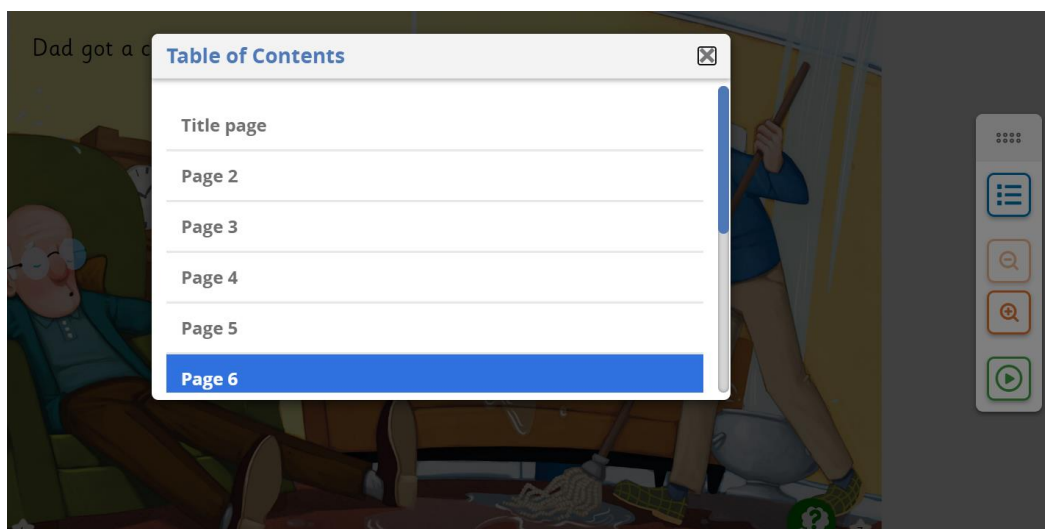

You can navigate through the book by using sidebar or buttons on the bottom of the page.

Sidebar navigation options are table content, zoom in and out and playback.

Table content will help you to navigate to the specific page faster:

You can navigate from the title page to page 6 with just one click.

To zoom in or out functions click on the magnifying glass and then click on the object/text.

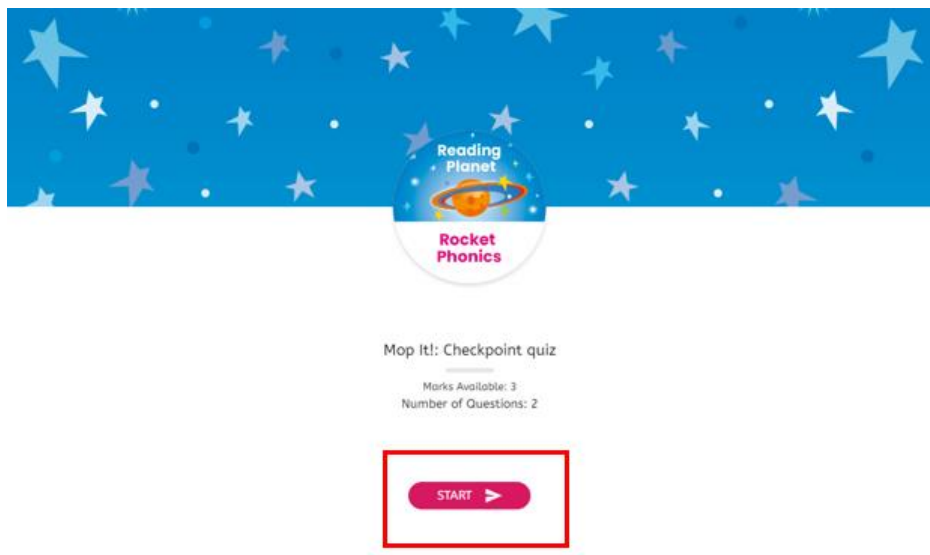

Completing quizzes

Watch out for the pop up and the end of book quizzes. They will appear at the bottom of the right-hand side corner.

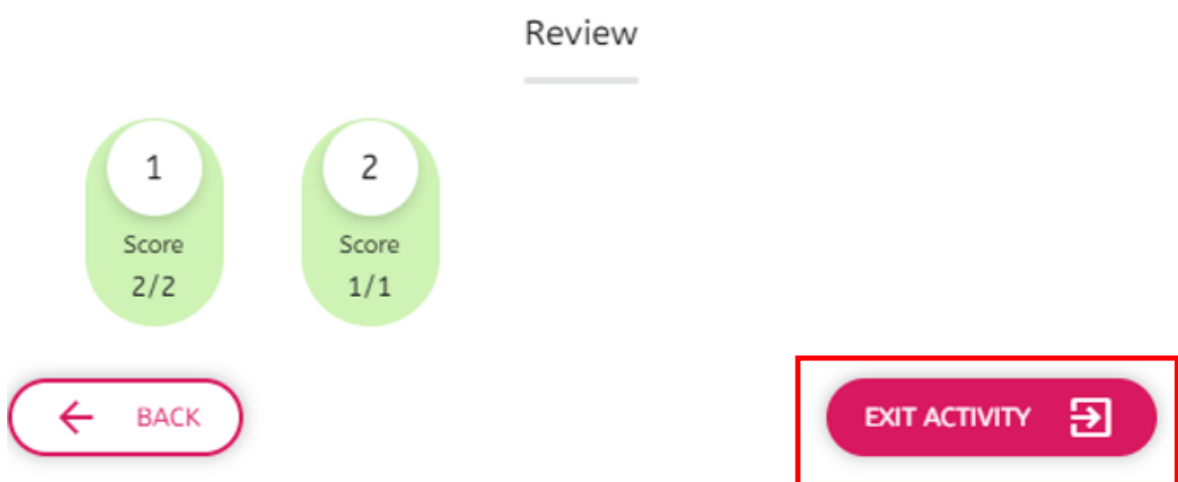

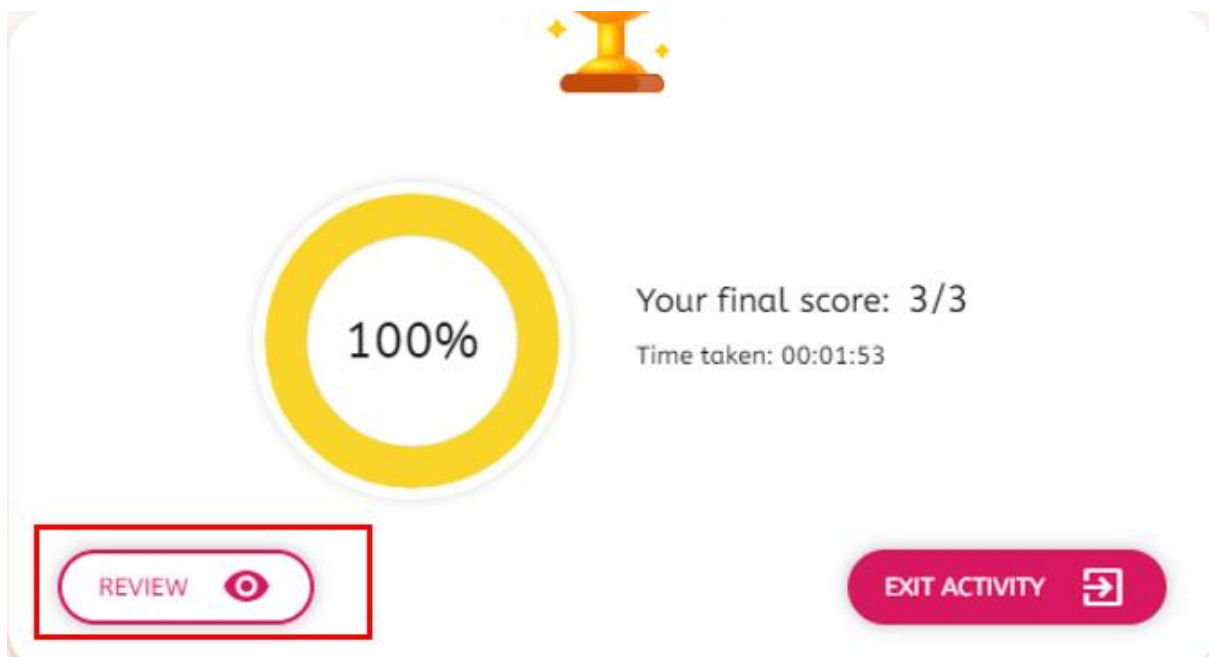

- To start quiz, click on the green bubble:

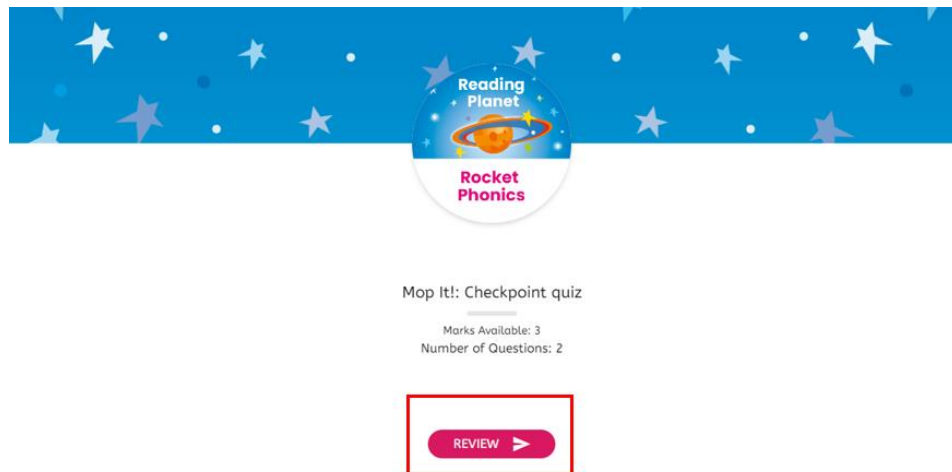

Answer all questions in a quiz and click finish, your score will appear on the screen.

If you want to see your answers in detail, select 'Review'.

Now you can exit activity.

In case you want to check your previous answers to any of the completed quizzes. Find the book and the quiz and click on the quiz bubble again and select 'Review'.

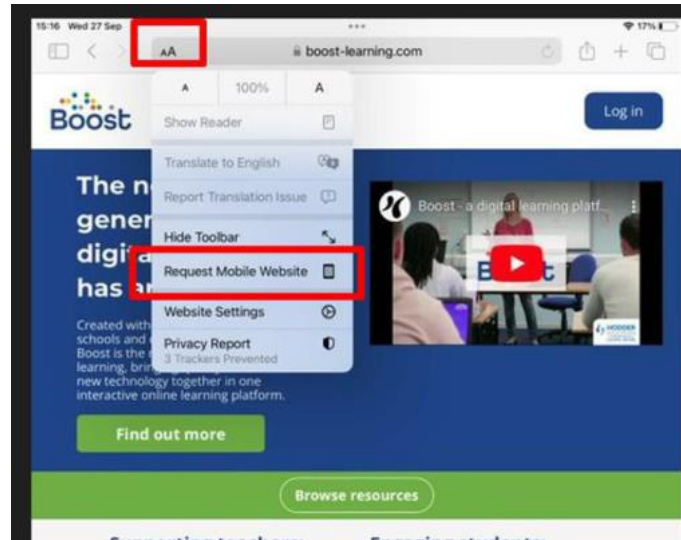

- To return to the Tasks dashboard select 'Back' or 'Close' depending on the resource type.

Technical requirements:

If you are using iOS device, please request 'Mobile Website' to access resources.

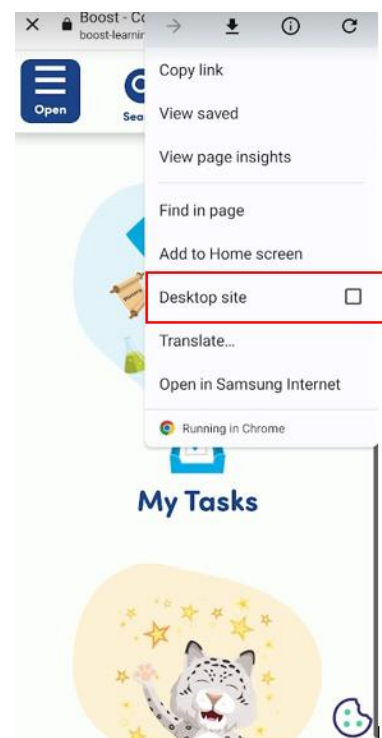

1. Login to <https://boost-learning.com/>, we advise for students to enter centre ID along with their username and password.
2. Once you are logged in the account click on the aA on the top menu and request 'Mobile Website'

3. You will see change in the layout, you can flick the pages by using side menu button – table content.
